SALES, TERMS AND CONDITIONS

PAYMENT:

CREDIT CARDS: Please list all numbers on credit card, expiration date, 3-digit CVV code on back of card and the name of the card holder.

C.O.D.: An additional \$8.50 C.O.D. fee is charged in addition to shipping and handling fees.

SHIPPING:

All shipments are made my United Parcel Service. UPS is available to the 48 continental states, Hawaii, Alaska, Puerto Rico and the provinces of Ontario, Quebec and British Columbia. Federal Express or Emery Air Freight shipments are available upon request only. Please note that shipments to Hawaii are sent UPS Blue Label Air Only.

Canadian shipments which can't be shipped by UPS are made via United States Postal Service and are subject to additional shipping charges.

If a C.O.D. order is refused and the package is returned to us by UPS, the customer will be liable for all the shipping charges incurred before reshipment.

Any items damaged or lost in shipment are the responsibility of the carrier. Inspect all orders upon receipt. In the event of damage, retain the shipping carton and packing material. Promptly notify the carrier and request a damage inspection. The carrier will evaluate the claim and contact us if necessary.

ORDERS, BACKORDERS AND RETURNS:

Orders are taken over the phone, by mail, e-mail, fax or in person. If you are planning to pick up your order, please call us in advance to place the order and to let us know what time you are expecting to arrive. All upholstery and sheet metal orders are custom made to order and take approximately 3 weeks for preparation and require a 50% deposit at the time of the initial order. If you are planning to mail your order, please be sure to give us complete car information: model, make and year.

On all back orders, items which are temporarily out of stock, you will receive notice on the invoice enclosed in your order. Please advise if you wish to cancel the item(s) indicated. Any items that are not cancelled will be shipped when available. There is a 20% restocking charge on any items not cancelled prior to the shipping date.

We must be notified within seven (7) days upon receipt of your order if there are any errors or defective merchandise for return credit. Returns must be authorized and must be shipped prepaid to our street address. Returns due to customer error are subject to a 20% restocking charge and all shipping charges. **There are no returns on electrical, upholstery and/or custom made items unless they are proven defective or the incorrect merchandise is delivered.**

All parts are guaranteed for workmanship and materials. Guarantee does not cover faulty installation by the customer.

TECHNICAL ADVICE:

Free technical advice will gladly be given for any problem or project. We ask, however, that you do not use the toll free order line for technical calls, please call us at (401) 539-3010 only.

INTERIORS

All of our upholstery is custom fabricated in-house by own Master Upholsterers. John and Frank have over 70 years of combined experience with automotive upholstery and work with precise patterns we have developed over the past 20 years.

We use the finest materials and supplies available, period. Our materials, colors and finishing touches are authentic and the detail and fit are perfect.

Our rug corners are mitered, our convertible tops are topstitched and our replacement seats are exactly as original with the proper number of pleats on different models. The individual pleats are handcut and matched so that when the seat is sewn and assembled, the grain of the leather on all of the pleats matches. Our trunk panels, vinyl kits and door panels are superior to the original. In order to eliminate warp and delamination, which is common in the original panels, we do not use cardboard or thin plywood.

All of our upholstery products are crafted with perfection in mind and are of show quality, regardless of whether or not they will be installed in a show car.

If you intend to replace all of the leather pieces in the interior, it is advised that you have all of them done at the same time, thus ensuring a correct dye and color match.

The choices of material colors are as follows:

Leather: Red, Black, Blue, Grey, Tan, Suede Green and Old Biscuit.

Wool Carpet, High Pile: Red, Black, Dark Blue, Grey, Tan, Green and Old Biscuit.

Hardura: Red, Black, Dark Blue, Grey, Tan, Green and Old Biscuit.

British Vinyl: Red, Black, Blue, Grey, Suede Green and Old Biscuit.

Moquette: Red, Black, Blue, Grey, Tan, Suede Green and Old Biscuit.

Canvas (Stayfast): Black on Black and Tan on Tan.

****note:** Black on Tan, Tan on Black and Dark Blue on Tan are **special ordered** and are not stocked.

German Cloth: Black on Tan, Tan on Tan, Dark Blue on Tan, Dark Brown on Tan, Grey on Grey and White on Tan.

(GERMAN CLOTH IS NOT STOCKED)

Headliner: Grey, Camel and Green.

UPHOLSTERY KITS

Each year from all over the world we receive many requests for pre-packaged upholstery kits from people who find it prohibitive to ship their car to our factory location. We are now able to provide our mail order clients with upholstery kits that are the very best available in a price range that is most competitive. Everyone in our organization is excited about this pricing breakthrough. The following pages will show you the specific kit contents and pricing.

REBUILT SEATS

Our seats are furnished with leather piping and leather side panel trim pieces. This is done to ensure no color difference between materials due to aging in years to come. We offer a complete rebuilding of your seats. We must be furnished with the originals: Crate properly and ship (we suggest UPS). Rebuilt seats have the seat frames sandblasted and painted, new foam pieces and cushions installed, and new leather seat covers with moquette backs fitted. They are also supplied with a new covered console. We can replace damaged seat wood pieces at the same time for an extra charge.

SX4	XK 140 Roadster Seat Rebuild	\$2179.00
SX5	XK 140 DHC Seat Rebuild	\$2168.00
SX6	XK 140 Coupe Seat Rebuild	\$2179.00
SWKRB	Seatwood replaced with one of our kits. All pieces of wood replaced	\$ 156.75
SSA	XK 140 Coupe and DHC Jump Seats Jumpseats include the 4 new pieces of plywood. For the Coupe, your old mahogany lip pieces will be re-used if possible. New lip pieces are listed in the wood section. See Hardware Section for seat hardware	\$ 518.00

SEAT COVERS

Our leather seat covers are made to order and are not stocked. They have the proper construction and the correct number of pleats as the originals. There is no universal cover that fits any given model. It is your responsibility to give us the correct year, model and type of seats so we can provide the correct cover. Seat covers are not returnable.

SC2	XK 140 Seat Covers (specify model & year)	\$1105.00
SC40	Jump Seat Covers XK 140 Coupe and Drophead Coupe	\$ 186.50

DASHBOARDS

We rebuild dashboards in our shop. We require that all original pieces be supplied. We will straighten minor dents, recover all pieces and install leather covered piping on the main dash bottoms. ****welding is extra**** Sometimes, the cost of a new dashboard is less than the welding costs for the repair of the old one.

DD2	XK140 Roadster (dashboard rebuild) (2 pcs)	\$ 305.00
DD2M	Dashboard Leather and Piping XK 140 Roadster	\$ 80.25

See **Wood Section** for Center Dashboard (Part# DB11)

C43	Door Opening Sliding Post (each) (2 required) Door pull lanyards hook to this (polished stainless)	\$ 10.40

Door Boxes

These are the boxes that fit inside the door behind the door panel. They are made of sheetmetal and are supplied with enough of the correct color material so that they may be finished by the customer.

DB2L	XK140 Roadster Doorbox	\$ 128.50
DB2R	XK140 Roadster Doorbox	\$ 128.50
DBL	Doorbox Lining (labor only for pair)	\$ 133.00

COCKPIT "D" RUBBER

LP2	XK140 Roadster "D" Leather & Piping. Pre-cut leather and piping that goes around the "D" rubber. Includes instructions	\$ 341.25
LPR2	"D" Rubber Set for the XK140 Roadster. Set includes 3 pieces of the "D" rubber which is enough to do the rear and the 2 doors. The front dash rubber is not currently available.	\$ 42.30
DR2	XK140 Roadster Plastic Tack Strips	\$ 65.00
DR4	XK140 Roadster Wooden Tack Strips	\$ 75.00
H57	Pop Rivet Kit for above	\$ 10.25

The "D" Rubber pieces around the cockpit of your car are glued to these strips. The XK140 Roadster require both plastic and wooden tack strips for the complete installation. The wooden tack strips go on the underside of the particular body panel. The piping is then placed on the top of the panel with the "D" leather on top of the piping. The plastic strip is then placed over the leather and riveted through all of these pieces and the body to the wooden strip underneath, making a "sandwich" with the plastic strip on top. The "D" rubber is then glued to the plastic strip and the leather is stretched over the rubber and tacked to the wood underneath

VINYL KIT

Vinyl kits include the front kick panels, the rear panels (except metal ones), the underdash panels, the side curtain tray vinyl (roadsters), and enough vinyl yard goods to cover rear areas and wheel arches as necessary.

Rear Kick Panels		
KP2	XK140 DHC Rear Aluminum Kick Panels Covered with British Vinyl	\$ 127.75

HEADLINERS

Our headliners are made of 100% wool broadcloth. Parcel shelf panels and fender arch cover panels are covered with the correct shade of moquette. As with our rugs, we make our headliners from patterns matched to the vehicle. This guarantees you a perfect fit. Do not confuse our headliner with the mass production types which incorporate inferior materials and workmanship. Ours are handmade from the finest materials available.

The Coupe courtesy light panels are sold in pairs and come uncovered. The Coupe headliners are supplied with enough extra broadcloth to allow for the covering of your old light panels (or our new ones).

WOOD PRODUCTS

Convertible Top Wood

Our wooden top bows and tack wood are made of solid hardwood with a minimum number of laminations. This wood is the best for holding tacks and resisting decay. Some bows may warp slightly and the car frame configurations may vary. Nevertheless, if handled properly, all bows will attach readily to their frames.

BOOT COVERS

Our boot covers are constructed exactly as the originals. Materials used is stayfast canvas. All have leather covered brackets riveted in place and have leather and vinyl trim. Trim usually matches interior.

SIDE CURTAINS

We can recover your old frames or you may purchase new frames and have them covered.

SCF2 New Sidecurtain Frames, XJ140. \$ 574.75
 These are new frame assemblies and are supplied with the chrome retainers. They are sold in pairs only

SND1 Sandblast and paint sidecurtain frames. If \$ 109.95
 your frames aren't painted when we receive them, this is a required step.

RSC Recover Frames. This is a labor charge only \$ 472.50
 for cutting and stitching the canvas to the frames

PG Plexiglass Sidecurtain Windows. \$ 64.20
 The two pieces are cut to shape but require final fitting and the drilling of attachment holes.

LB1100 Sidecurtain Assembly (per hour)
 This involves fitting and drilling the plexiglass, attaching the chrome trim to the plexiglass and fitting each assembly to the chrome frame. It also involves any screw repairs or welding which may be required to salvage your old frames (if supplied). One set of sidecurtains will require approximately 4 to 6 hours of this labor.

Fenderwelting

Fenderwelting is the beading that goes between the fender and the body of the car.

Plinth panel welting is the beading that goes between the front splash panel (plinth panel) and the body of the car, behind the front bumper.

Both welting kits come with enough of the correct diameter material to do one car and should be the same color as the exterior of the car.

For the license plate panel welting, order 1/2 set of the correct color Fenderwelting set.

Harmonic Balancer

Our rebounded dampers are sold on an **exchange** basis only and can be shipped immediately from our stock. If you desire to have yours rebounded, turnaround time is approximately 8 weeks.

All pieces are stripped, blasted and rebounded with a modern blend of rubber (as used in the aircraft industry) using modern techniques of metal bonding. They are guaranteed against separation. It is necessary to rebalance the engine. The timing marks on the damper should be set up with a dial indicator and degree wheel if the engine does not have the timing mark arrow on the flywheel.

Tires and Wheels

We are warehouse distributors for Avon Tires Limited of England. We feel that the Avon Turbospeed 6.00-V16 tire offers excellent value and performance while also conforming rather closely to the appearance of the original tires supplied from the factory. This tire has a 7 rib straight-shouldered design, 6 ply construction and is V-rated for speeds in excess of 130 mph.

ACCESSORIES

Car Covers

Our Covercraft car covers are constructed of Technalon, a virtually waterproof yet breathable polypropylene fabric manufactured by Kimberly-Clark. They are soft against the paint yet impervious to rot and mildew.

Literature

During the past years, we have acquired a fairly extensive library of Service Manuals, Spare Parts Catalogues and Other Assorted Literature. We have decided to make these available for our customer's convenience. They are being offered Spiral Bound and on excellent quality paper with very good reproductions of the original drawings and prints. Many of these have not been offered before and are very useful to have.

The following list is available now with many more in production. If you don't see your manual, please call to inquire about availability.
